MEMORANDUM FOR: Colonel White

1. Attached is a proposed reply to G-2 in response to their proposal that the program for exchange training of mobilization designees be renewed. Both DD/I and Director of Training urge that the program be continued. DD/I concurrence is attached. Although I have no written concurrence from Matt Baird, he expressed strong endorsement during a telephone conversation and said he would be glad to cooperate in arranging training. As perhaps you know, the Active Duty tours of the G-2 people are timed to take place while our quarterly orientation programs are in progress, and the Active Duty officers attend these courses each morning during their first week of duty. The afternoons of the first week, and all of the second week are spent with the DD/I offices. DD/P has ruled that no training can be provided within that organization for the G-2 personnel concerned.

2. Recommend approval of the proposed reply.
